EDUCATION

Vivekananda Institute of Technology, Bengaluru

Expected June 2027

Bachelor of Engineering, Information Science – 7.78 CGPA

Swargarani PU College, Bengaluru

2021-2023

KSEEB - PCMB – 83.66%

INTERNSHIP

Future interns

Full Stack Web Development Intern

March, 2026 – Present

- Developed a personal portfolio website featuring responsive UI and contact form using HTML, CSS, and JavaScript. Implemented modern UI features including animations, grid background, and clean layout design.
- Developing additional projects on client lead management and local business website development.

PROJECTS

- **Personal Portfolio Website** - I built my portfolio using HTML, CSS, and JavaScript for the frontend. I used Visual Studio Code for development and GitHub for version control. For UI, I implemented a dark theme with custom CSS and animations. I also explored backend integration using Node.js, Express, MongoDB, and Nodemailer for handling contact form submissions.
- **Multimodal Deepfake Detection System** - Developing a system to detect deepfake content by analyzing both visual and audio modalities using deep learning techniques. Planning to integrate multimodal data fusion techniques for robust classification of real vs fake media.

SKILLS

Technical Skills

Languages: HTML (Intermediate), CSS (Basic), JavaScript (Basic), Python (Basic).

Backend: Node.js (Basic), Express.js (basic)

Database: MongoDB (basic)

Tools: GitHub, Visual Studio Code.

Soft Skills

Leadership, Team Management, Communication.

OTHERS

- **Certifications** : Full Stack Web Development – NoviTech, 2026
- Participated in VTU Intercollegiate Sports Meet.
